

## *Special Section on Information and Communication System Security*

The IEICE Transactions on Information and Systems, which is included in SCIE, announces that it will publish a special section entitled “Special Section on Information and Communication System Security” in **April, 2016**.

### 1. Scope

The major topics include, but are not limited to:

- Security Technologies on AdHoc Network, P2P, Sensor Network, RFID, Wireless Network, Mobile Network, Home Network, Cloud, and SNS
- Access Control, Content Security, DRM, CDN, Privacy Protection, E-Commerce, PKI, Security Architecture, Security Protocol, Security Implementation, Technologies, Secure OS, Security Evaluation/Authentication

### 2. Submission Instructions

The standard number of pages is 8 for a PAPER and 2 for a LETTER. The maximum number of pages for the initial submission of a LETTER is 4. The page charges are considerably higher for extra pages. Manuscripts should be prepared according to the guideline in the “Information for Authors”. The latest version is available at the web site, [http://www.ieice.org/eng/shiori/mokuji\\_iss.html](http://www.ieice.org/eng/shiori/mokuji_iss.html). The length of the paper should not exceed 8 printed pages in principle. The term for revising the manuscript after acknowledgement of conditional acceptance for this special section could be shorter than that for regular issues (60 days) because of the tight review schedule.

This special section will accept only papers by electronic submission. Prospective authors are requested to follow carefully the submission process described below.

Submit a manuscript and **electronic files (TeX/Word files, figures, authors’ photos and biography)** then transfer the copyright to the IEICE via the IEICE Web site [https://review.ieice.org/regist/regist\\_baseinfo\\_e.aspx](https://review.ieice.org/regist/regist_baseinfo_e.aspx) by **May 22, 2015 (JST)**. Authors should choose the [Special-IC] Information and Communication System Security as a “Journal/Section” on the online screen. **Do not choose [Regular-ED]**.
