

IWSEC 2017 The 12th International Workshop on Security

August 30 (Wed) - September 1 (Fri), 2017

International Conference Center Hiroshima, Hiroshima, Japan

Web: <http://www.iwsec.org/2017/>

Mail: iwsec2017-inquiry@klab.is.sci.toho-u.ac.jp

Co-organized by CSEC of IPSJ, Japan and ISEC of IEICE, Japan

Call for Papers

Original papers on the research and development of various security topics, as well as case studies and implementation experiences, are solicited for submission to IWSEC 2017. Topics of interest for IWSEC 2017 include all theory and practice of cryptography, information security, and network security, as in previous IWSEC workshops. In particular, we encourage the following topics this year:

- Big Data Analysis for Security
- Critical Infrastructure Security
- Cryptanalysis
- Cryptographic Protocols
- Cybersecurity Economics
- Digital Forensics
- Enriched Cryptography
- Financial Security
- Formal Methods
- Information Law and Ethics
- IoT security
- Machine Learning for Security
- Malware Countermeasures
- Measurements for Cybersecurity
- Multiparty Computation
- Post Quantum Cryptography
- Privacy Preserving
- Rational Cryptography
- Real World Cryptography
- Security Management
- Visualization for Security

Important Dates

Submission of papers	March 3, 2017 (23:59 JST)
Notification of decision	May 10, 2017
Final version due	May 30, 2017

Proceedings

The proceedings is planned to be published by Springer-Verlag in the Lecture Notes in Computer Science series. The proceedings of IWSEC 2006 to IWSEC 2016 appeared as LNCS 4266, 4752, 5312, 5824, 6434, 7038, 7631, 8231, 8639, 9241 and 9836 respectively.

Instructions for Authors

Submitted papers must be original, unpublished, and not submitted to other conferences or journals for consideration for publication. Papers must be written in English and be fully anonymous with no author names, affiliations, acknowledgements, or obvious references. They should be at most 16 pages long in total (including bibliography and appendices), in the standard LNCS format (except for author names and affiliations). They should be submitted electronically in PDF format. A detailed description of the electronic submission procedure will be available at the workshop website. Submissions not meeting the submission guidelines risk rejection without consideration of their merits. A part of papers may be accepted as short papers. At least one author of each accepted paper is required to register with the workshop until final version due, and is also required to present the paper in the conference. If no author registers or presents the paper, the paper will be rejected regardless of the reasons. Note that, if your paper is accepted, the title and the author list in your submission cannot be changed when preparing the final version without the approval of the program co-chairs.

Best Paper Awards

Prizes will be awarded to the authors of the best paper(s) and the best student paper(s).

Poster Session

IWSEC 2017 plans to have a poster session. Posters can present on-going study, idea or project that is not mature yet, but interesting work in progress. The details and submission deadline will be announced on the web page. Prizes will be awarded to the authors of the best poster presentation(s).

Social Events

Social events are planned in the conference. Their details will be announced on the web page.

Keynote Talks

We will have keynote talks from the following world-leading researchers.

Dr. Khaled El Emam (University of Ottawa, Canada)

Title: To be announced

Dr. Khaled El Emam is a Professor at the University of Ottawa, Faculty of Medicine and School of Electrical Engineering and Computer Science, and a Senior Investigator at the Children's Hospital of Eastern Ontario Research Institute. For the past ten years, he also held the Canada Research Chair in Electronic Health Information at the University of Ottawa (from 2005-2015). His main area of research is developing techniques for health data anonymization and secure disease surveillance for public health purposes. Khaled is the founder Privacy Analytics Inc. As an entrepreneur, Khaled helped found five companies involved with data management and data analytics. He has worked in technical and management positions in academic and business settings in England, Scotland and Japan.

Dr. Kazue Sako (NEC, Japan)

Title: To be announced

Committees

- General co-chairs: Kazuto Ogawa (Japan Broadcasting Corporation, Japan)
Masayuki Terada (NTT DOCOMO, Japan)
- Program co-chairs: Satoshi Obana (HOSEI University, Japan)
Koji Chida (Nippon Telegraph and Telephone Corporation, Japan)
- Poster chair: Takumi Yamamoto (Mitsubishi Electric Corporation, Japan)

Program Committees

- Mohamed Abid (University of Gabes, Tunisia)
Mitsuaki Akiyama (NTT, Japan)
Elena Andreeva (KU Leuven, Belgium)
Reza Azarderakhsh (Rochester Institute of Technology, USA)
Josep Balasch (KU Leuven, Belgium)
Gregory Blanc (Telecom SudParis and Universite Paris-Saclay, France)
Olivier Blazy (Universite de Limoges, France)
Aymen Boudguiga (Institute for Technological Research SystemX, France)
Kai-Chi Chang (National Center for Cyber Security Technology, Taiwan)
Yue Chen (Florida State University, USA)
Celine Chevalier (Universite Pantheon-Assas, France)
Koji Chida (NTT, Japan)
Sabrina De Capitani di Vimercati (DI - Universita degli Studi di Milano, Italy)
Herve Debar (Telecom SudParis, France)
Itai Dinur (Ben-Gurion University, Israel)
Josep Domingo-Ferrer (Universitat Rovira i Virgili, Catalonia)
Oriol Farras (Universitat Rovira i Virgili, Spain)
Dawu Gu (Shanghai Jiao Tong University, China)
Roberto Guanciale (KTH Royal Institute of Technology, Sweden)
Atsuo Inomata (Tokyo Denki University, Japan)
Akira Kanaoka (Toho University, Japan)
Florian Hahn (SAP, Germany)
Hiroaki Kikuchi (Meiji University, Japan)
Hyung Chan Kim (National Security Research Institute, South Korea)
Noboru Kunihiro (Tokyo University, Japan)
Maryline Laurent (Telecom SudParis, France)
Heejo Lee (Korea University, South Korea)
Hyung Tae Lee (Nanyang Technological University, Singapore)
Zhou Li (RSA Labs., USA)
Frederic Majorczyk (DGA-MI/CentraleSupélec, France)
Florian Mendel (Graz University of Technology, Austria)
- Bart Mennink (Radboud University, Netherlands)
Kirill Morozov (Tokyo Institute of Technology, Japan)
Koichi Mouri (Ritsumeikan University, Japan)
Ivica Nikolic (Nanyang Technological University, Singapore)
Ryo Nojima
(National Institute of Information and Communications Technology, Japan)
Satoshi Obana (HOSEI University, Japan)
Kaan Onarlioglu (Northeastern University, USA)
Thomas Peyrin (Nanyang Technological University, Singapore)
Yusuke Sakai
(National Institute of Advanced Industrial Science and Technology, Japan)
Yu Sasaki (NTT, Japan)
Dominique Schroder (CISPA Saarland University, Germany)
Yannick Seurin
(Agence Nationale de la Sécurité des Systèmes d'Information, France)
Yuji Suga (Internet Initiative Japan Inc., Japan)
Willy Susilo (University of Wollongong, Australia)
Mio Suzuki
(National Institute of Information and Communications Technology, Japan)
Katsuyuki Takashima (Mitsubishi Electric Corporation, Japan)
Mehdi Tibouchi (NTT, Japan)
Giorgos Vasiladis (Foundation for Research and Technology - Hellas, Greece)
Cong Wang (City University of Hong Kong, Hong Kong)
Sven Wohlgemuth
Pa Pa Yin Minn (Yokohama National University, Japan)
Chung-Huang Yang (National Kaohsiung Normal University, Taiwan)
Kan Yasuda (NTT, Japan)
Rui Zhang (Chinese Academy of Sciences, China)
